Subject: Renewal of a Land Lease Agreement between the City of Kerman and David Bufkin for Approximately

38 Acres of Land Located at 1020 South Siskiyou

#### RECOMMENDATION

Council by motion adopt resolution approving a land lease agreement between the City of Kerman and David Bufkin and authorize the City Manager or designee to execute the agreement.

#### **EXECUTIVE SUMMARY**

The City of Kerman entered into a three-year Land Lease Agreement with Mr. David Bufkin to farm approximately 38 acres of city-owned property located on South Siskiyou Avenue just south of the railroad tracks. The current lease expired on December 31, 2016.

#### **OUTSTANDING ISSUES**

None.

#### DISCUSSION

In 2009, the City of Kerman purchased approximately 38 acres of land on South Siskiyou Avenue to be used for a future community park. However, due to the costs and lack of available funding there is no scheduled to development to the park in the near future. Thus, the best use of this property in the interim is to continue leasing it for farming purposes. The conditions in the lease agreement remain the same and the term is for three-years through December 31, 2019. Mr. Bufkin is in agreement and is prepared to sign the new lease

#### FISCAL IMPACT

Potential annual rental income to the City of \$7,600.00 per year and savings of several thousand dollars in labor and materials costs to remove weeds and perform tractor work to maintain the property.

#### PUBLIC HEARING

None required.

Subject: Ordinance Amending Chapter 15.04 of Title 15 of the Kerman Municipal Code California

Building Standards Code by Reference

#### RECOMMENDATION

Council by motion, waive second reading and adopt ordinance amending Chapter 15.04 of Title 15 of the Kerman Municipal Code relating to Building Standards Code to conform to the 2016 State of California Building Codes.

#### **EXECUTIVE SUMMARY**

The Council held a public hearing on this matter on February 1, 2017, and scheduled the second reading and adoption for this ordinance. The State of California adopts and publishes a set of new construction codes every three years referred to as the California Code of Regulations (CCR), Title 24, also known as the California Building Standards Code. The purpose of this agenda item is to amend Chapter 15.04, Building Code and Regulations and adopt by reference the 2016 California Building Standards Code which became effective January 1, 2017. The ordinance adopts the California Building Standards Code by reference and repeals current local amendments.

#### **BACKGROUND:**

Every three years, the State of California adopts new building standards that are codified in the California Code of Regulations (CCR) Title 24, also known as the California Building Standards Code. Last July 1, 2016 the state published the 2016 edition of the California Building Standards Code. The 2016 California Building Standard Codes will apply to any building or structure for which application for a building permit is made on or after January 1, 2017. The Codes govern the construction and maintenance of commercial, industrial, and residential buildings. The City is mandated to adopt the Codes. The CEC is based on the 2014 National Electrical Code, published by the National Fire Protection Association. The CHBC, CEBC, and CALGreen are developed and published by the CBSC. Building Energy Efficiency Standards is developed and published by the California Energy Commission.

The State of California allows local municipalities to modify the state adopted building standards to make them more restrictive (not less), provided certain express findings are made that the proposed modifications are necessary due to special local climatic, geological, or topographical conditions that can affect the health, welfare, and safety of local residents.

The City of Kerman has determined not to make any local amendments. The proposed ordinance updates the City's use of the new California Building Standards Code and repeals prior local amendments. The specific codes mandated for effectiveness in January 2017 by the State of California are as follows:

- 2016 Administrative Code CCR Title 24, Part 1
- 2016 California Building Code- CCR Title 24, Part 2

- 2016 California Residential Code CCR Title 24, Part 2.5
- 2016 California Electrical Code CCR Title 24, Part 3
- 2016 California Mechanical Code CCR Title 24, Part 4

- 2016 California Existing Building Code CCR Title 24, Part 10
- 2016 California Green Building Standards Code CCR Title 24, Part 11

There are no anticipated fiscal impacts.

From: Olivia Pimentel, Assistant Planner

Subject: Resolution Approving Tentative Parcel Map 16-01, Burnett Foods

### RECOMMENDATION

Council by motion, adopt resolution approving Tentative Parcel Map 16-01, Burnett Foods subject to conditions of approval.

### **EXECUTIVE SUMMARY**

The applicant, Burnett Foods, submitted an application for a tentative parcel map to subdivide parcel 2 of parcel map 09-02. The site is located on a 1.2-acre parcel to be divided into two (2) commercial retail parcels: Parcel 'A' containing 21,918 sq. ft. and Parcel 'B' containing 27,841 sq. ft. The subject property is located on the southwest corner of Whitesbridge (SR 180) and Goldenrod Avenue, in the Walmart shopping center as shown on the location map in Attachment 'A'.

### **BACKGROUND**

On January 9, 2017 the Planning Commission held a public hearing and approved a resolution recommending approval of tentative parcel map 16-01.

The property site is on a 1.2 acre lot known as Outlot '3' of the Kerman Walmart project on the southwest corner of Whitesbridge (SR 180) and Goldenrod Avenue. The east end of outlot '3' (proposed Parcel 'B') is currently the site of Taco Bell and the remaining west half of the outlot '3' (proposed Parcel 'A') is occupied by Starbucks. Outlot '3' is owned by Burnett Foods.

### **ANALYSIS:**

The request is for a Tentative Parcel Map to subdivide a one point two acre parcel into two (2) parcels. The proposed lots are summarized in Table 1 and the tentative parcel map is depicted in Attachment 'C'.

# Subdivision Map Act

The proposed Tentative Parcel Map will create two lots, consistent with Section 66426(c) of the Subdivision Map Act. The site is fully developed with two existing businesses on the parcel. The owner's intent is to create the parcels to allow them to sell individually if they choose to in the future. The tentative parcel map shows the preliminary design of the proposed land division and allows the planning department to determine that the design is in conformity with the General Plan. A Final Parcel Map will be filed and recorded following approval of the Tentative Parcel Map.

# General Plan Consistency

Staff has evaluated the project in light of the goals and policies contained in the Land Use Element of the General Plan. The following goals and policies reflect Kerman's desire for a balanced community that is economically viable, provides for a variety of housing needs, and retains its small town character.

Goal 2: Protect the health, safety and welfare of residents by insuring that Kerman is well-planned.

Goal 8: Promote urban growth patterns and land use arrangements in Kerman that minimize land

use conflicts.

Policy A-1: Promote a clean, well-maintained community.

Discussion: The project would subdivide a 1.2 -acre lot into two parcels. The proposed parcel has

already been fully developed and now houses a Starbucks Coffee Shop that eliminates the

accumulation of weeds and debris on the previously predominately vacant lot.

Policy C-7: Promote infill development in order to reduce the rate at which surrounding agricultural land

is urbanized and to provide for a more efficient use of existing infrastructure.

Discussion: The project would promote infill development on an existing 1.2-acre lot that was previously

predominantly vacant within an established regional commercial shopping center served by

existing infrastructure by creating two lots for regional commercial types of development.

Policy 2-C Visually enhance Kerman's four major entryways

Discussion: The City shall promote and encourage new or improved development along these corridors.

### Zoning

The site is currently zoned CG (general commercial) district. The purpose statement of this zone proves for a variety of commercial and office uses which are diverse, visually pleasing, convenient in terms of parking and access, attractive and used by citizens of Kerman as well as visitors to the area.

Permitted uses in this zone district include administrative, business, governmental and professional offices as well as commercial and retail uses by right. Table 1 depicts the proposed lot sizes for each parcel. The proposed parcels are consistent with minimum lot size and dimension requirements of the CG zone.

Table 1 Tentative Parcel Map No. 16-0	01	
Parcel	Lot Size	Current Zoning
'A'	21,918 sq. ft.	General Commercial (C-G)
'B'	27,841 sq. ft.	General Commercial (C-G)

### **Subdivision Ordinance**

In order to approve the proposed Tentative Parcel Map, the proposed parcel map must be found consistent with the General Plan, Zoning Ordinance, and the Subdivision Map Act. Based on the following analysis, staff recommends approval of the Tentative Parcel Map based on the following findings:

1. The proposed map is consistent with the applicable General Plan, Subdivision Ordinance, Specific Plan, and the Subdivision Map Act.

The procedural requirements of the Map Act are being followed and all parcels comply with the Kerman applicable general plan and engineering and zoning standards pertaining to grading, drainage, utility connections, lot size and density. There is no applicable specific plan governing the site.

2. The design or improvement of the proposed land division is consistent with applicable general plan and specific plans.

The parcel map is consistent with the Kerman General Plan - the proposed parcels comply with minimum lot size standards and the commercial uses are consistent with the General Plan and zoning ordinance.

3. That the site is physically suitable for the proposed density of development.

The parcel map will create two parcels, both with adequate land area to support various commercial uses with standard setbacks and ample useable space. As depicted in Table 1 above, each parcel will be a minimum of 21,918 square feet.

4. The design of the parcels and the proposed improvements are not likely to cause substantial environmental damage or substantially and avoidably injure fish or wildlife or their habitat.

The project site is not located in a sensitive environment but rather in an area surrounded primarily by other regional commercial land uses.

5. The design of the parcels and the type of improvements being required are not likely to cause serious public health problems.

The lots being created will comply with all applicable sanitary sewer, water service and storm water runoff requirements, as well as other similar environmental and life safety regulations and standards. Thus, the project is not likely to cause serious public health problems.

6. The design of the parcels or the type of improvements will not conflict with easements acquired by the public-at-large for access through or use of property within the proposed subdivision.

There are no public easements that currently encumber the property to be parceled, and all modifications made to the existing public improvements fronting the parcels upon development of the properties will be required to current City standards.

#### Access

The subject parcels are located on the southwest corner of Whitesbridge (SR 180) and Goldenrod Avenue. Access to the lots will be from Goldenrod and off of Whitesbridge with an interior roadway that provides access to entire shopping center. Both Whitesbridge and Goldenrod Avenue are fully developed streets with travel lanes, parking, curbs and gutter. No other rights-of-way, dedications or easements are required for the proposed Tentative Parcel Map.

### Utilities

All public utilities are available or can be extended to serve the site.

### **ENVIRONMENTAL REVIEW**

Staff has determined that the proposed project is categorically exempt from the provisions of the California Environmental Quality Act (CEQA) Guidelines. Pursuant to Section 15315 of CEQA minor land divisions are exempt when the proposed division of land is within an urbanized area zoned for commercial uses, four or fewer parcels are being created, the site is consistent with the General Plan and zoning, and all services and access to the proposed parcels are available.

### FISCAL IMPACTS

There are no anticipated fiscal impacts.

### **OUTSTANDING ISSUES**

None.

### **PUBLIC HEARING**

None, a public hearing has been held as required by the Planning Commission on January 9, 2017. The Planning Commission is recommending approval.

### SUMMARY/CONCLUSION

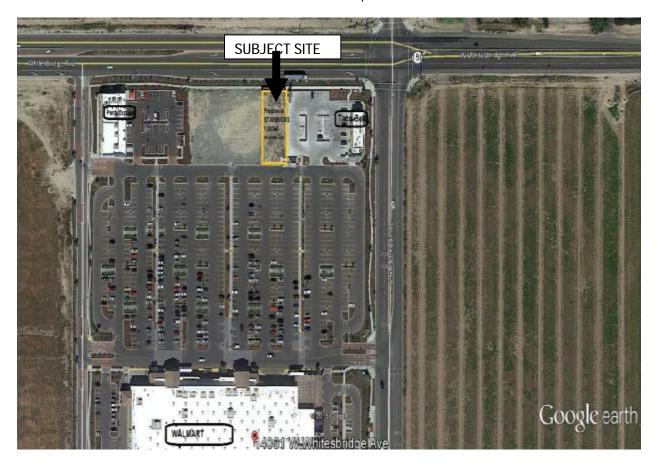

The proposed Tentative Parcel Map is consistent with the Kerman General Plan and Zoning Ordinance as well as the Subdivision Map Act. On that basis, staff recommends that the Planning Commission adopt Resolution approving Tentative Parcel Map No. 16-01, subject to the conditions of approval.

Subject: Resolution Rejecting Bids for the City Hall Lobby Accessibility Upgrade/Expansion

### RECOMMENDATION

Council by motion adopt resolution rejecting all of the bids for the City Hall lobby accessibility upgrade/expansion project and re-advertise for bids for the project.

### **EXECUTIVE SUMMARY**

In 2008 City Hall was expanded and remodeled but the finance lobby area for the citizens was not part of the expansion or upgrades. Citizens, including the elderly and disabled, come to City Hall to pay their utility bill and receive general assistance on a daily basis. Many times throughout the month finance staff service dozens of citizens per day. Counters are not ADA accessible height and don't meet the need of our citizens that require additional assistance. The door is not automatic and it is cumbersome for citizens in a wheelchair or mechanical scooter to open the door. When a citizen is in a seated devise many times they don't have enough room to turn around to exit the building when they are finished because of the volume of customers in the lobby.

A notice inviting bids for the project was submitted to the Fresno and Tulare Counties Builders Exchange and the deadline to submit bids was Tuesday, January 31, 2017. A total of two bids were received before the deadline from MJ Avila Company Inc. and Flexpro Incorporated. The lowest base bid was received from MJ Avila but their packet was missing a page with a deduction on the bid additive. The missing page limits the City from making a comparison of the alternate bid. The bid received from Flexpro Inc. exceeded the City's budgeted amount of \$125,000 for the project therefore staff is recommending Council rejects all of the bids received and instruct staff to rebid the project.

## FISCAL IMPACT

The 2016/2017 budget allocated \$125,000 for the remodel/expansion project.
