INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and City Council
City of Kerman, California

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, , each major fund, and the aggregate remaining fund information of the City of Kerman (the “City”), California as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City’s ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 42-44, the schedule of the City's proportionate share of net pension liability on page 45, and the schedule of contributions on pages 46 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

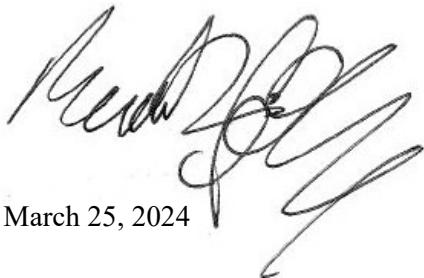

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic

financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 25, 2024 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

A handwritten signature in black ink, appearing to read "Michael J. Riedel".

CITY OF KERMAN

RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCE TO NET POSITION OF GOVERNMENTAL ACTIVITIES JUNE 30, 2023

Total governmental fund balance	\$ 22,771,035
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds	33,028,369
Net pension liability applicable to governmental activities are not due and payable in the current period and accordingly is not reported in the funds	(4,348,354)
Deferred outflows of resources related to net pension liability, represent an consumption of net position or fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until that time	2,508,893
Deferred inflows of resources related to net pension liability and lease income, represent an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time	(325,621)
Governmental long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds	(3,009,000)
Compensated absences are not due and payable in the current period and therefore are not reported in the funds	(484,525)
Interest on long-term debt is reported as an expenditure of the Governmental Funds when paid because it requires the use of current financial resources. However, accrued interest must be recorded when incurred	(17,377)
Internal service funds are used by management to charge the costs of fleet maintenance and computer services to individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the Statement of Net Position.	<hr/> 328,874
Net position of governmental activities	<hr/> \$ 50,452,294

CITY OF KERMAN

RECONCILIATION OF STATEMENT OF REVENUE, EXPENDITURES, AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2023

Net change in fund balance - total governmental funds	\$ 6,307,023
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is capitalized and allocated over their estimated lives and reported as depreciation expense	
Capital outlay expenditures are therefore added back to fund balances	1,906,705
Depreciation expense not reported in governmental funds	<u>(844,936)</u>
	1,061,769
Repayment of long-term debt is an expenditure in governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Proceeds of long-term debt produces the opposite effect	32,000
Pension expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore are not reported as expenditures in the Governmental Funds	(433,385)
Internal service funds are used by management to charge the costs of fleet maintenance and computer services to individual funds. The net revenue (loss) of certain activities of internal service funds is reported with governmental activities	(237,750)
In the Statement of Activities interest is accrued on long-term debt, whereas, in governmental funds interest expenditure is reported when due	13,662
Compensated absence costs in the Statement of Activities does not require the use of current financial resources and, therefore, is not reported as expenditures in Governmental Funds	<u>(72,776)</u>
Change in net position of governmental activities	<u>\$ 6,670,543</u>

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 1 – Summary of Significant Accounting Policies

The financial statements of the City of Kerman (the City) have been prepared in conformity with Accounting Principles Generally Accepted in the United States of America (GAAP) as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

These financial statements present the government and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities are, in substance, part of the government's operations and data from these units are combined with data of the primary government. Each blended component unit has a June 30 fiscal year end. There are no discretely presented component units included in these financial statements. The following sections further describe the significant accounting policies of the City.

Reporting Entity

The City was incorporated as a general law city in 1946. The City operates under a Council-Manager form of government. The City's major operations include public safety; highways and streets; water, sewer, and refuse collection; parks and recreation; building inspection; public improvements; planning and zoning, and general administrative services.

Also included in this report is the Kerman Public Financing Authority (KPFA). The KPFA was established in 2007 through a Joint Exercise of Powers Agreement between the City and the Agency. The formation of the joint powers authority was approved by the City Council who is also designated as the Board of Directors for the KPFA. The City Manager is appointed Secretary with the City staff providing all support services. The purpose of the KPFA is solely to provide funds from the sale of revenue bonds to finance or refinance the costs of various projects for the City. The City set up the KPFA to act as a financing/lending type institution only. The KPFA/City legislative meetings are held concurrently. No separate annual financial statements are prepared for the KPFA.

Basis of Presentation – Fund Accounting

Government-Wide Financial Statements - The Government-Wide Financial Statements (the Statement of Net Position and the Statement of Activities) report information of all of the nonfiduciary activities of the primary government and its component units. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the City. Governmental activities, which normally are supported by taxes and inter-governmental revenues, are reported separately from business-type activities, which rely significantly on fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and are clearly identifiable to a particular function. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

Net position is restricted when constraints placed on them are either externally imposed or are imposed by constitutional provisions or enabling legislation. Internally imposed designations of resources are not presented as restricted net position. When both restricted and unrestricted resources are available for use, generally, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Governmental Fund Financial Statements - The Governmental Fund Financial Statements provide information about the City's funds, including fiduciary funds and the blended component unit. Separate statements for each fund category - governmental, proprietary and fiduciary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds are separately aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The City reports the following major governmental funds:

General Fund – The General Fund is the general operating fund of the City. It is used for all financial resources except those required legally, or by sound financial management to be accounted for in another fund. Generally, the General Fund is used to account for those traditional governmental services of the City, such as police, community services, planning and general administrative services.

Street Maintenance & Construction – The Street Maintenance and Construction Fund accounts for all capital street and improvement projects.

Street Projects & Development – The Street Projects & Development Fund accounts for all grant related capital street and improvement projects.

The City reports the following major enterprise funds:

Water Fund – The Water Fund accounts for the operation and maintenance of the City's water treatment and water transmission and distribution systems.

Sewer Fund – The Sewer Fund accounts for the operation and maintenance of the City's sewer system.

Disposal Fund – The Disposal Fund accounts for the operation and maintenance of the City's sanitation system.

Storm Drain Fund – The Storm Drain Fund accounts for the operation and maintenance of the City's storm drain system.

The City reports the following additional fund types:

Internal Service Fund – The Internal Service Fund accounts for fleet management and computer services provided to other departments or agencies of the government, on a cost reimbursement basis.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

Fiduciary Funds - The Fiduciary Funds account for assets held by the City as an agent for various local governments or other entities. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Basis of Accounting

The Government-Wide and Proprietary Fund Financial Statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants and donations are recognized in the fiscal year in which all eligible requirements have been satisfied.

Governmental Funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property and sales taxes, interest, certain state and federal grants and charges for services are accrued when their receipt occurs within sixty days after the end of the accounting period so as to be both measurable and available. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims and judgments are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and capital leases are reported as other financing sources.

Proprietary Funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a Proprietary Fund's principal ongoing operations. Revenues and expenses not meeting this definition are reported as non-operating.

Financial Statement Amounts

Cash and Cash Equivalents - Cash and cash equivalents represent the City's cash bank accounts including, but not limited to, certificates of deposit, money market funds and cash management pools for reporting purposes in the Statement of Cash Flows. Additionally, investments with maturities of three months or less when purchased are included as cash equivalents in the Statement of Cash Flows.

The City maintains a cash and investment pool that is available for use by all funds. Interest earnings as a result of this pooling are distributed to the appropriate funds based on quarterly ending cash balances in each fund.

Investments of the pool include only those investments authorized by the California Government Code such as, United States Treasury securities, agencies guaranteed by the United States Government, registered state warrants, and other investments. Investments primarily consist of deposits in money market accounts and certificates of deposit. Investments are stated at fair value.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

Accounts Receivable – Billed, but unpaid, services provided to individuals or non-governmental entities are recorded as accounts receivable. The Proprietary Funds include a year end accrual for services through the end of the fiscal year which have not yet been billed. Accounts receivable are reported net of an allowance for uncollectible.

Fresno County is responsible for the assessment, collection and apportionment of property taxes for all taxing jurisdictions. Property taxes are levied in equal installments on November 1 and February 1. They become delinquent on December 10 and April 10, respectively. The lien date is January 1 of each year. Property taxes are accounted for in the General Fund. Property tax revenues are recognized when they become measurable and available to finance current liabilities. The City considers property taxes as available if they are collected within 60 days after year end. Property tax on the unsecured roll are due on the January 1 lien date and become delinquent if unpaid on August 31. However, unsecured property taxes are not susceptible to year end accrual.

The City is permitted by Article XIII A of the State of California Constitution (known as Proposition 13) to levy a maximum tax of \$1.00 per \$100 of full cash value.

Interfund Receivables/Payables - Items classified as interfund receivable/payable represent short-term lending/borrowing transactions between funds. This classification also includes the current portion of an advance to or from another fund.

Advances To/From Other Funds - This classification represents non-current portions of any long-term lending/borrowing transactions between funds. This amount will be equally offset by a reserve of fund balance which indicates that it does not represent available financial resources and therefore, is not available for appropriation. The current portion of any interfund long-term loan (advance) is included as an interfund receivable/payable.

Capital Assets - Capital outlays are recorded as expenditures of the General, Special Revenue, and Capital Projects Funds and as assets in the Government-Wide Financial Statements to the extent the City's capitalization threshold is met.

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the Government-Wide Financial Statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$10,000 for roadways and \$5,000 for all other assets, and an estimated useful life of at least three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of fixed assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities are included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight line method over the following estimated useful lives:

	Years
Infrastructure	50
Buildings	20 - 40
Improvements	30 - 50
Equipment	5 - 10

Leases - Lessor: The City recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses the interest rate charged to the lessees as the discount rate. When the interest rate charged to the lessees is not provided, the City generally uses the implied rate of return as the discount rate for leases. When the implied rate of return has not been determined, the City uses its estimated incremental borrowing rate which it has determined is the prime rate at the inception of the lease.
- The lease term includes the non-cancellable period of the lease. Lease receipts included in the measurement of the lease receivable are composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Compensated Absences - It is the City's policy to permit all employees to accumulate earned but unused vacation, sick pay and compensatory time benefits within limits outlined in Memorandums of Understanding (MOU).

Vested or accumulated vacation and sick leave along with any compensation time that is expected to be paid with expendable available financial resources is reported as an expenditure in the fund financial statements of the Governmental Fund that will pay for it. Amounts not expected to be liquidated with expendable available financial resources are reported in the Government-Wide Financial Statements.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

Vested leave of Proprietary Funds are recorded as an expense and liability as the benefits accrue.

Pension – For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's California Public Employee Retirement System (CalPERS) plan and additions to/deduction from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Long-Term Obligations - In the Government-Wide Financial Statements and in the Proprietary Fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or Proprietary Fund Type Statement of Net Position. Debt principal payments of both government and business-type activities are reported as decreases in the balance of the liability on the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, however, debt principal payments of Governmental Funds are recognized as expenditures when paid. Governmental Fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Non-Current Governmental Assets/Liabilities - GASB Statement No. 34 eliminates the presentation of account groups, but provides for these records to be maintained and incorporates the information into the Governmental Activities column in the Government-Wide Statement of Net Position.

Net Position - The government-wide and business-type activities financial statements utilize a net position presentation. Net position are categorized as net investment in capital assets, restricted and unrestricted.

- Net Investment in Capital Assets - This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- Restricted Net Position - This category presents external restrictions on net position imposed by creditors, grantors, contributors, laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position - This category represents net position of the City not restricted for any project or other purpose.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

Fund Balance – In the fund financial statements, governmental fund balance is made up of the following components:

- Nonspendable fund balance typically includes inventories, prepaid items, and other items that must be maintained intact pursuant to legal or contractual requirements, such as endowments.
- Restricted fund balance category includes amounts that can be spent only for specific purposes imposed by creditors, grantors, contributors, or laws or regulations of other governments or through enabling legislations.
- Committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the City Council. The City Council has the authority to establish, modify, or rescind a fund balance commitment.
- Assigned fund balance are amounts designated by the City Council for specific purposes and do not meet the criteria to be classified as restricted or committed.
- Unassigned fund balance is the residual classification that includes all spendable amounts in the General Fund not contained in other classifications.

When expenditures are incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) fund balances are available, the City's policy is to apply restricted first. When expenditures are incurred for purposes for which committed, assigned, or unassigned fund balances are available, the City's policy is to apply committed fund balance first, then assigned fund balance, and finally unassigned fund balance.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Note 2 – Stewardship, Compliance and Accountability

California law authorizes the City to invest in obligations of the United States Treasury, agencies and instrumentalities, certificates of deposit or time deposits in banks and savings and loan associations which are insured by the Federal Deposit Insurance Corporation.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 2 – Stewardship, Compliance and Accountability (continued)

In accordance with applicable sections of the California Government Code and the Kerman Municipal Code, the City prepares and legally adopts an annual balanced budget on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for the General Fund, specific Special Revenue Funds, and specific Capital Projects Funds. Budget plans are adopted for Proprietary Funds. A proposed budget is presented to the City Council during June of each year for review. The Council holds public hearings and may add to, subtract from, or change appropriations within the revenues and reserves estimated as available. Expenditures may not legally exceed budgeted appropriations at the fund level. Supplementary appropriations which alter the total expenditures of any fund, or expenditures in excess of total budgeted fund appropriations, must be approved by the City Council.

All annual appropriations lapse at fiscal year end to the extent they have not been expended or encumbered.

Note 3 – Cash and Investments

The City pools all of its cash and investments except those funds required to be held by outside fiscal agents under the provisions of bond indentures. Interest income earned on pooled cash is allocated to the various funds on average cash balances. Interest income from cash investments held with fiscal agents is credited directly to the related funds.

Cash and investments as of June 30, 2023 are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 31,575,149
<hr/>	
Fiduciary Funds:	
Cash and Investments	532,050
Total Cash and Investments	<u>\$ 32,107,199</u>

Cash and investments as of June 30, 2023 consist of the following:

Cash on hand	\$ 1,250
Deposits with Financial Institutions	26,833,626
Certificates of deposit	<u>5,272,323</u>
Total Cash and Investments	<u>\$ 32,107,199</u>

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that categorizes the inputs to valuation techniques used to measure fair value into three levels. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 3 – Cash and Investments (Continued)

Level 2: Inputs to valuation methodology include inputs – other than quoted prices included within Level 1 – that are observable for an asset or liability, either directly or indirectly.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within a fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments Authorized by the California Government Code and the City's Investment Policy

The table below identifies the investment types that are authorized for the City by the California Government Code (or the City's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the City's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. The City's investment policy does not contain any specific provisions intended to limit the City's exposure to interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California Government Code or the City's investment policy.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment In One Issuer
Local Agency Bonds	5 years	None	None
U.S. Treasury Obligations	5 years	None	None

Note 3 – Cash and Investments (Continued)

Investments Authorized by Debt Agreements

Investments of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City's investment policy. The table below identifies the investment types that are authorized for investments held by the bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment In One Issuer
U.S. Treasury Obligations	None	None	None
U.S. Agency Securities	None	None	None
Banker's Acceptances	180 days	None	None
Commercial Paper	270 days	None	None
Money Market Mutual Funds	N/A	None	None
Investment Contracts	None	None	None
Certificates of Deposits	1 year	None	None
Repurchase Agreements	30 days	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Municipal Bonds	None	None	None

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City of Kerman manages its exposure to interest rate risk is through the purchase of a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Investment Type	Fair Value	Remaining Maturity (in months)		
		12 Months or Less	13 to 24 Months	25 to 60 Months
Certificates of deposit	\$ 5,272,323	\$ 1,162,784	\$ 3,156,237	\$ 953,302
Total	\$ 5,272,323	\$ 1,162,784	\$ 3,156,237	\$ 953,302

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 3 – Cash and Investments (Continued)

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

Investment Type	Minimum Legal Rating	Rating as of Year End	
		Not Rated	
Certificates of deposit	\$ 5,272,323	N/A	\$ 5,272,323
Total	<u>\$ 5,272,323</u>		<u>\$ 5,272,323</u>

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There were no investments in any one issuer, other than U.S. Treasury securities, mutual funds, and external investment pools that represent 5% or more of total City-wide investments as of June 30, 2023.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

The custodial risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 4 – Receivables

The following is a summary of receivables at June 30, 2023 for the City's individual enterprise funds, including the applicable allowances for uncollectible accounts are as follows:

	<u>Water</u>	<u>Sewer</u>	<u>Disposal</u>	<u>Storm Drain</u>	<u>Internal Service</u>
Enterprise Funds					
Accounts	\$ 231,686	\$ 212,406	\$ 208,023	\$ 18,790	\$ 136,599
Gross receivables	231,686	212,406	208,023	18,790	136,599
Less: Allowance for uncollectible accounts	(26,838)	(30,520)	(19,898)	(1,574)	-
	<u>\$ 204,848</u>	<u>\$ 181,886</u>	<u>\$ 188,125</u>	<u>\$ 17,216</u>	<u>\$ 136,599</u>

Lease receivables

The following is a summary of lease receivables at June 30, 2023

	<u>General Fund</u>
Land Leases:	
Valley Health	\$ 127,513
Generations Dairy	23,028
Tower Leases:	
Verizon	430,938
AT&T	<u>72,282</u>
	<u>\$ 653,761</u>

Valley Heath Team Inc. Land Lease – The City entered into an agreement to lease out a certain property from June 1, 2011 through August 31, 2026 at a monthly rate of \$3,312.24. Payment is due the first of the month at .9% interest.

Generations Dairy Land Lease – The City agreed to lease out 39 acres of land from 5/1/21 to 12/31/25 for an annual payment ranging from \$11,199 to \$12,789 at .9% interest rate.

Verizon Tower Lease – The City entered into an agreement to lease out a cell tower from December 1, 2007 through December 1, 2036 for an annual payment ranging from \$25,412 to \$39,590. Payment is due December 1 each year at .9% interest.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 4 – Receivables (continued)

AT&T Tower Lease – The City entered into an agreement to lease out a cell tower from December 1, 2007 through December 1, 2036 to for a monthly payment of \$1,600. Payment is due December 1 each year at .9% interest.

The annual payment receipt schedule for principal and interest on all lease receivable at June 30, 2023 were as follows:

<u>For the year ended June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2024	\$ 92,853	\$ 5,367	\$ 98,220
2025	95,011	4,602	99,613
2026	85,806	3,830	89,636
2027	48,164	3,169	51,333
2028	27,480	2,863	30,343
2029-2033	155,616	10,309	165,925
2034-2037	148,831	2,745	151,576
Total	<u>\$ 653,761</u>	<u>\$ 32,885</u>	<u>\$ 686,646</u>

The related deferred inflows of resources on the right of use on lease revenue will be amortized on a straight-line basis over the term of the agreement as follows:

<u>For the year ended June 30,</u>	<u>Principal</u>
2024	\$ 98,649
2025	91,951
2026	85,253
2027	48,541
2028	30,628
2029-2033	153,139
2034-2037	<u>107,200</u>
Total	<u>\$ 615,362</u>

During the year ended June 30, 2023, the City recognized \$102,522 in lease revenue and \$6,130 in related interest income.

Business-Type Activities	<u>\$ 265,005</u>	<u>\$ 489,252</u>	<u>\$ -</u>	<u>\$ 754,257</u>	

Kerman Public Financing Authority Bonds - The KPFA was established in 2007 through a Joint Exercise of Powers Agreement between the City and the Agency. The formation of the joint powers authority was approved by the City Council who is also designated as the Board of Directors for the KPFA.

The purpose of the KPFA is solely to provide funds from the sale of revenue bonds to finance or refinance the costs of acquiring, constructing, or improving and equipping capital improvements (projects) for the City and the Agency. The City set up the KPFA to act as a financing/lending type institution only.

In September 2020, the KPFA issued the 2020 Lease Revenue Refunding Bonds in the amount of \$3,041,000. The 2020 Lease Revenue principal payments are made each October 1 beginning in 2022 through 2038. Interest is to be paid semi-annually on April 1 and October 1 through 2038. The interest rates range from 3.5% to 4.75%.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 6 – Long-Term Debt (Continued)

California Department of Water Resources Construction Loan – The City entered into a contract with the State of California, Department of Water Resources in 2003. The contract provides for a 20 year loan at a zero percent interest rate. Terms of the note call for semi-annual principal payments of \$82,500 beginning January 1, 2008 and will mature on January 1, 2028. The outstanding balance on the note at June 30, 2022 was \$824,999.

California Department of Water Resources Wastewater Upgrade Loan – The City entered into a revolving loan agreement with the State of California, Department of Water Resources in September 2009. The agreement provides for a loan of up to \$4,957,479 for sewer system upgrades. Construction period interest of \$38,241 was combined with the loan amount for a final total loan of \$4,995,720. Terms of the loan call for annual payments of \$276,743 including interest at 1.00%, which begins September 2012 and will mature in September 2031. The outstanding balance on the note at June 30, 2022 was \$2,370,579.

The annual requirement to amortize the principal and interest on all long-term debt at June 30, 2023 were as follows:

Years ending June 30,	Governmental Activities		Business-Type Activities	
	Principal	Interest	Principal	Interest
2024	\$ 173,000	\$ 67,510	\$ 418,037	\$ 23,706
2025	177,000	63,467	420,567	21,175
2026	180,000	59,344	423,123	18,620
2027	183,000	55,151	425,704	16,039

Note 8 – Interfund Receivables, Payables and Transfers (Continued)

Interfund Transfers

In general, the City uses interfund transfers to (1) move revenues from the funds that collect them to the funds' that statute or budget requires to expend them, (2) use unrestricted revenues collected in the General Fund to help finance various programs and capital projects accounted for in other funds in accordance with budgetary authorization, and (3) move cash to debt service funds from the funds responsible for payment as debt service payments become due. In general, the effect of the interfund activity has been eliminated from the government-wide financial statements.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 9 – Risk Management

The City participates with other public entities in a joint venture under a joint powers agreement which establishes the Central San Joaquin Valley Risk Management Authority (CSJVRMA). The relationship between the City and CSJVRMA is such that CSJVRMA is not a component unit of the City for financial reporting purposes.

The CSJVRMA is a consortium of 55 cities in San Joaquin Valley, California. It was established under the provisions of California Government Code Section 6500, et. seq. The CSJVRMA is governed by a Board of Directors, which meets three to four times each year, consisting of one member appointed by each member city. The day-to-day business is handled by a management group employed by the CSJVRMA. The financial statements of CSJVRMA can be obtained at 1831 K Street, Sacramento, CA 95814.

Each member government pays a primary deposit to cover estimated losses for a fiscal year (claims year). Six months after the close of a fiscal year, outstanding claims are valued. A retrospective deposit computation is then made for each open claims year. Costs are spread to members as follows: the first \$25,000 of each occurrence is charged directly to the member. Each member maintains a \$1,000,000 self-insured retention (SIR) amount covered by the Authority pooled investments. The Authority purchases excess liability coverage through the California Affiliated Risk Management Authority for the amount in excess of \$1,000,000.

The City maintains a self-insured retention level of \$50,000 for workers' compensation insurance. Coverage between \$50,000 and \$500,000 is provided through the risk pool. CSJVRMA participates in an excess pool which provides workers' compensation coverage from \$5,000,000 to \$200,000,000. Each program year is retrospectively adjusted three years after the end of the program year and annually thereafter.

The City also purchases various property coverage programs. Deductibles and limits per property type can be obtained from the City Manager or directly from the Authority.

The latest audited financial information and the most current information available for CSJVRMA for fiscal year ended June 30, 2023 is as follows:

Total assets	\$ 153,984,502
Total liabilities	<u>120,022,096</u>
Net position	\$ 33,962,406
Total revenues	\$ 73,088,767
Total expenses	<u>71,300,255</u>
Increase/(decrease) in net position	\$ 1,788,512

Contingent Liabilities

The City participates in a number of Federal and State assisted grant programs which are subject to financial and compliance audits. Audits for these programs and the respective findings are to be determined at a future date, and the City expects the amount, if any, of the expenditures which may be disallowed by the granting agency to be immaterial.

The City is a defendant in various lawsuits and claims. The City attorney anticipates that actual or potential claims against the City, not covered by insurance, would not materially affect the financial position of the City.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 10 – Deferred Outflows and Deferred Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports the \$2,922,342 in deferred outflows related to net pension liability in the Statement of Net Position. See Note 11 for more details.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represent an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City reports two items related to deferred inflows, totaling \$1,004,030:

- \$388,667 in deferred inflows of resources related to net pension liability, see Note 11 for more details.
- \$615,363 in deferred inflows of resources related to right of use capital lease revenue in the Balance Sheet of the General Fund, see Note 4 for more details.

Note 11 – Pension Plan

Plan Description - The City contributes to the California Public Employees' Retirement System (PERS), an agent multiple-employer public employee defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. PERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by state statute and city ordinance. Copies of PERS' annual financial report may be obtained from their Executive Office - 400 P Street - Sacramento, CA 95814.

Funding Policy – Active plan members in the Plan are required to contribute 7% of their covered salary for both miscellaneous and public safety members. The City contributes 4% of the employee portion. The City is required to contribute the actuarially determined remaining amounts necessary to fund the benefits for its members. The actuarial methods and assumptions used are those adopted by the CalPERS Board of Administration. The required employer contribution rates for the fiscal year ended June 30, 2023 Miscellaneous Classic, PEPRA Miscellaneous, Safety Classic, and PEPRA Safety were 8.630%, 7.470%, 14.740%, and 10.800%, respectively. The contribution requirements of plan members is established by State statute and the employer contribution is established and may be amended by PERS.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 11 – Pension Plan (Continued)

The Plans' provisions and benefits in effect at June 30, 2023, are summarized as follows:

	<u>Miscellaneous</u>	<u>Classic</u>	<u>PEPRA</u>	<u>Miscellaneous</u>
Hire Date	Prior to		On or after	
Benefit Formula	January 1, 2013		January 1, 2013	
Benefit Vesting Schedule	2.0% at 60; maximum 2% COLA	5 years service	2.0% at 62; maximum 2% COLA	5 years service
Benefit Payments	monthly for life		monthly for life	
Retirement Age	60		60	
Monthly Benefits, as a % of Eligible Compensation	2.00%		2.00%	
Required Employee Contribution Rates	8.08%		6.25%	
Required Employer Contribution Rates	8.630%		7.470%	

	<u>Safety</u>	<u>Classic</u>	<u>PEPRA</u>	<u>Safety</u>
Hire Date	Prior to		On or after	
Benefit Formula	January 1, 2013		January 1, 2013	
Benefit Vesting Schedule	2.0% at 55; maximum 2% COLA	5 years service	2.0% at 57; maximum 2% COLA	5 years service
Benefit Payments	monthly for life		monthly for life	
Retirement Age	55		55	
Monthly Benefits, as a % of Eligible Compensation	2.00%		2.00%	
Required Employee Contribution Rates	7.00%		9.50%	
Required Employer Contribution Rates	14.740%		10.800%	

Employees hired July 1, 2012 and thereafter pay the full 7% employee contribution per adopted Memoranda of Understanding if the employee is considered a "Classic" employee under PEPRA.

Contributions – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following the notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 11 – Pension Plan (Continued)

For the year ended June 30, 2023, the contributions recognized \$1,045,282 as part of the pension expense.

Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2023, the City reported net pension liabilities for its proportionate shares of the net pension liability of each Plan as follows:

Proportionate Share of Net Pension Liability	
Miscellaneous Plan	\$ 3,258,465
Safety Police Plan	1,844,146
Total Net Pension Liability	\$ 5,102,611

The City's net pension liability for each Plan is measured as the proportionate share of the net pension liability. The net pension liability of each of the Plans is measured as of June 30, 2022, and the total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021 rolled forward to June 30, 2022 using standard update procedures. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. The City's proportionate share of the net pension liability for each Plan as of June 30, 2022 and 2023 was as follows:

	<u>Miscellaneous</u>	<u>Safety</u>
Proportion – June 30, 2022	0.06029%	0.01971%
Proportion – June 30, 2023	<u>0.06964%</u>	<u>0.02684%</u>
Change – Increase/(Decrease)	0.00935%	0.00713%

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 11 – Pension Plan (Continued)

For the year ended June 30, 2023, the City recognized pension expense of \$1,244,696. At June 30, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 777,837	\$ -
Difference between expected and actual experience	141,759	(63,852)
Difference in projected and actual contributions	892	(324,815)
Change in employer's proportion	593,929	-
Changes in assumptions	519,844	-
Net differences between projected and actual earnings on pension plan investments	888,081	-
Total	\$ 2,922,342	\$ (388,667)

\$777,837 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended June 30	
2024	\$ 538,936
2025	438,189
2026	236,002
2027	542,711
Thereafter	-

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 11 – Pension Plan (Continued)

Actuarial Methods and Assumptions – The collective total pension liability for the June 30, 2022 measurement period was determined by an actuarial valuation as of June 30, 2021, with update procedures used to roll forward the total pension liability to June 30, 2022. The collective total pension liability was based on the following assumptions:

Valuation Date	June 30, 2021
Measurement Date	June 30, 2022
Actuarial Cost Method	Entry-Age Normal Cost Method in accordance with the requirements of GASB Statement No. 68
Actuarial Assumptions:	
Discount Rate	6.90%
Inflation	2.30%
Payroll Growth	2.30%
Salary Increases	Varies by Entry Age and Service
Mortality Rate Table	Derived using CalPERS' Membership ¹
Post Retirement Benefit Increase	Date for all Funds Contract COLA up to 2.5% until Purchasing Power Protection Allowance Floor on Purchasing Power applies

¹ The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

All other actuarial assumptions used in the June 30, 2017 valuation was based on the results of a December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015), including updates to salary increase, mortality and retirement rates. The Experience Study can be obtained at CalPERS' website.

Change of assumptions – No changes in assumptions.

Discount rate – The discount rate used to measure the total pension liability for PERF C was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 11 – Pension Plan (Continued)

Long-term Expected Rate of Return

In determining the long-term expected rate of return, CalPERS took into account long-term market return expectations as well as the expected pension fund cash flows. Projected returns for all asset classes are estimated and, combined with risk estimates, are used to project compound (geometric) returns over the long term. The discount rate used to discount liabilities was informed by the longterm projected portfolio return.

The long-term expected real rates of return by asset class can be found in CalPERS' Comprehensive Annual Financial Report for the fiscal year ended June 30, 2022.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected rate of returns, net of pension plan investment expense and inflation) are developed for each major asset class.

The table below reflects long-term expected real rates of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Asset Class	Assumed Asset Allocation	Real Return Years 1-10 ¹ ²
Global equity - cap-weighted	30%	4.50%
Global equity - noncap-weighted	12%	3.84%
Private equity	13%	7.28%
Treasury	5%	0.27%
Mortgage-backed securities	5%	0.50%
Investment grade corporates	10%	1.56%
High yield	5%	2.27%
Emerging market debt	5%	2.48%
Private debt	5%	3.57%
Real assets	15%	3.21%
Leverage	-5%	-0.59%

¹ An expected inflation of 2.30% used for this period

² Figures are based on the 2021-22 Asset Liability Management Study

CITY OF KERMAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Note 11 – Pension Plan (Continued)

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate -

The following presents the City's proportionate share of the net pension liability for each Plan, calculating using the discount rate of each Plan, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (5.90%) or 1-percentage point higher (7.90%) than the current rate:

	1% Decrease (5.90%)	Current Discount Rate (6.90%)	1% Increase (7.90%)
Net Pension Liability:			
Miscellaneous Plan	\$ 5,273,691	\$ 3,258,465	\$ 1,600,434
Safety Police Plan	\$ 3,013,917	\$ 1,844,146	\$ 888,124

Pension Plan Fiduciary Net Position – Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

Payable to the Pension Plan – At June 30, 2023, the City has no outstanding amount of contributions to the pension plan required for the year ended June 30, 2023.

Note 12 – Subsequent Events

The City evaluated subsequent events for recognition and disclosure through March 25, 2024, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since June 30, 2023 that required recognition or disclosure in such financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and City Council
City of Kerman, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Kerman (the "City"), California, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 25, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

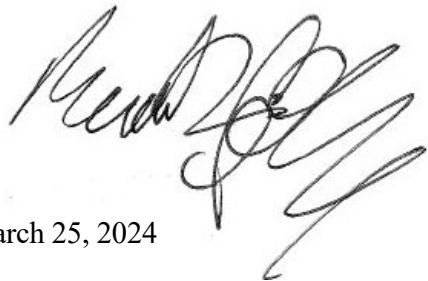

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink, appearing to read "Karen Bell".

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Mayor and City Council
City of Kerman, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited City of Kerman (the “City”), California’s compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the City’s major federal programs for the year ended June 30, 2022. The City’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City’s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City’s federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

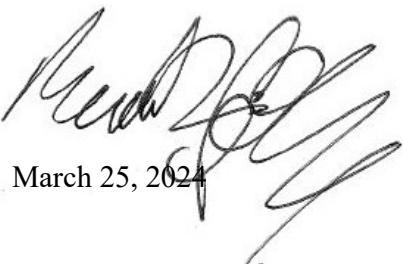

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

A handwritten signature in black ink, appearing to read "Michael J. Polley".

CITY OF KERMAN

NOTES SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2023

Note 1 – Significant Accounting Policies

The accompanying Schedule of Expenditures of Federal Awards (SEFA) presents the activity of all federal award programs of the City of Kerman, California (the City). Federal awards received directly from federal agencies as well as federal awards passed through other nonfederal agencies, primarily the State of California, are included in the SEFA. The City's reporting entity is defined in Note 1 to the City's basic financial statements.

Note 2 – Basis of Accounting

The accompanying SEFA is presented using the modified accrual basis of accounting for grants accounted for in the governmental fund types and the accrual basis of accounting for grants accounted for in the proprietary fund types, as described in Note 1 to the City's basic financial statements. The information in the SEFA is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) part 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in, or used in the preparation of, the SEFA may differ from amounts presented in the basic financial statements.

Note 3 – Relationship to the Financial Statements

Expenditures of federal awards are reported in the City's basic financial statements as expenditures/expenses in the General Fund, nonmajor special revenue funds, nonmajor capital project funds, and the enterprise funds.

Note 4 – Indirect Cost Rate

The City did not elect to use the 10% de minimus cost rate as covered in 2 CFR §200.414.
