**Child Passenger Safety Week:  
Protect Your Child with the Right Car Seat**

Kerman, Calif. – During Child Passenger Safety Week, Kerman Police Department encourages all parents and caregivers to make sure their children are riding safely by using the correct car seats, booster seats and properly fitted seat belts. This annual campaign takes place from September 21st-27th and aims to raise awareness about the importance of car seat safety and proper installation.

The Kerman Police Department has certified child passenger safety technicians available at 850 S. Madera Avenue to check car seat installations. The technicians will teach parents and caregivers how to install the car seat correctly, as well as educate them on the appropriate seat based on the child's age and size.

At Kerman Police Department, we believe every child deserves to travel safely. During Child Passenger Safety Week, we urge all parents and caregivers to know for sure that their children are in the right seats and that those seats are installed correctly. Keeping a child in the right seat for their age and size can make all the difference in a crash.

According to the National Highway Traffic Safety Administration (NHTSA), nearly half of car seats (46%) are misused. Properly installed car seats have been shown to reduce fatal injury crashes by 71% for infants under a year old and by 54% for toddlers ages 1 through 4.

Child Passenger Safety Week concludes with National Seat Check Saturday on September 27th.

[California law](#) requires all children under 2 years old to ride in a rear-facing car seat, unless the child is 40 or more pounds or is 40 or more inches tall. Once a child reaches these milestones, all children under the age of 8 years old are still required to be secured in a car seat or booster seat, in the back seat. Children 8 and older, or who are at least 4 feet 9 inches tall, may be secured by a booster seat, but at a minimum must be secured by a safety belt.

Parents and caregivers are encouraged to keep children in the proper rear or forward-facing seat as long as possible and use the “[Five-Step Test](#)” to determine if their child is big enough to safely use a seat belt without a booster seat.

To learn more about the Kerman Police Department car seat program, Sergeant Sandra Mendoza; 559-550-0559; [Sandra.mendoza@fcle.org](mailto:Sandra.mendoza@fcle.org) or Kerman Police Department; 559-550-0845; [KEPDRecords@cityofkerman.org](mailto:KEPDRecords@cityofkerman.org).
